

# How to Find Our Colliers Wood Ground

From the South (M25) head north on the A3 past the Coombe Lane interchange. The ground is situated 800 yards past this junction on the right near a footbridge. However, you have to drive a further mile or so for the turn off marked A3 South (Portsmouth) and come back on yourself to access the ground. Stay in the inside lane and indicate early as the turn in to the ground is pretty sharp. Parking on the ground is limited however, so you may prefer to park on the opposite

side of the A3 and use the footbridge. Raynes Park station is about a 22 minute walk to the ground. The 265 bus stops right outside the ground.
